

ATS – Athletic Series for sport and golf applications

Your synthetic solution for athletic, golf and multi-use playing surfaces

ATS – Athletic Series for multi-use sport playing surfaces and golf applications offers you the all weather play ability, shock absorbency, increased safety and reduced maintenance costs that are important when implementing an artificial turf-playing surface.

Designed utilizing state-of-the-art engineering and materials, with the highest specifications found on the market today, *ATS – Athletic Series* gives athletes, players and coaches more than just the benefits of a great looking playing surface.

Our *ATS – Golf* specific artificial turf grass delivers a putting surface that looks, feels and performs like real grass. This series of artificial turf brings the quality and consistency of tour courses to the residential market without the maintenance and care requirements needed for natural specialty grasses such as those used on greens.

ATS – Athletic Series for sport and golf applications is ideal for any type of playing surface; football, soccer, rugby, baseball, field hockey, tennis, equestrian, golf and general purpose fields.
