

ATS – Common Sense Series **for commercial applications**

Smart solutions for commercial developments

The *ATS – Common Sense Series* is an environmentally friendly landscaping solution for Commercial Real Estate developments and various other commercial purposes.

The *ATS – Common Sense Series* is an economic, high quality synthetic turf grass system, created with the commercial developer in mind. Designated and manufactured for large-scale applications, the *Common Sense Series* offers consistency in color, feel and overall appearance without the nuisances of natural grass.

Our *Common Sense Series* of artificial turf grass can significantly reduce landscape development maintenance and cost, while increasing the value of your property.
