

## ***ATS – Production Series* for trade show and theatre applications**

### Your realistic synthetic flooring solution

Whether you are setting the stage for the biggest show of the year or engaging with potential clients at your tradeshow booth, *ATS – Production Series* for tradeshow and theatre applications is your synthetic solution.

Add a polished and professional touch to your trade show booth/display with *ATS – Production Series* artificial turf. Our high-quality artificial turf flooring gives your space a more defined look and appeal. With a full range of styles and colors, our artificial turf flooring options will give your exhibit that extra touch to draw customers in while providing durability and long-term quality.

In theatre, one of the most important things is to make the set as believable as possible. Our *Production Series* of artificial turf grass is extremely “life-like” and will make the audience ask, “How did they get all of that grass on stage?”

*ATS – Production Series* of artificial turf is your answer. We have worked with several Theatre Set designers and know that durability and high-quality specifications top the list for set needs, as well as timely delivery and ease of use on set.
